CHARGES CORNER MADE IN PRINT PAPER.

The picture of the country press, which includes the little four page paper from back home, fighting with its back to the wall and almost ready to go under because of the print paper shortage, was presented to a Senate investigating committee by Cortland Smith, of New York, president of the American Press Association.

Along with his picture of the troubles of the country editor, Mr. Smith made the direct charge that print paper market had been cornered and that the print paper interests had conspired to regulate production, so that prices might continue to mount. In the face of this situation, he frankly declared there was little hope for the small town papers and that unless quick relief was provided half of them would be wiped out of existence. While other witnesses had charged that the market had been cornered, Mr. Smith, whose association largely supplies the country press, was the first to allege a conspiracy to regulate output and price.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful. (adv)

SUGGESTIONS FOR A CAMPING TRIP.

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you. (may-adv)

STATE INSPECTOR'S REPORT ON CONFEDERATE HOME

State Inspector and Examiner H. E. James has filed with Governor Morrow a report covering an investigation of the Confederate Home at Pewee Valley. When C. L. Daugherty, commandant, took charge of the home May 1, 1918, there was a deficit of \$6,092.41 and during the two years that he has been in charge of the home the deficit has been reduced to \$333.04, which Inspector James says is an evidence of the splendid management of Commandant Daugherty.

Inspector James directs the State Auditor to deduct \$425 from the next payment to the home, which he alleges was illegally paid Miss Barlow, a former bookkeeper, while she was ill. He recommends that the positions of matrons and housekeepers be discontinued and that the positions of matrons and housekeepers be discontinued and that the work under their supervision be placed under the stewardess.

When erecting new buildings to take the place of the old ones destroyed by fire, Inspector James recommends that a fireproof smoking room be built and that special attention should be given to the proper construction of a modern hospital unit. He also recommends that all of the buildings should be provided with electric lights, and that Sunday night dinners be provided for the men at the home.

THE DEMOCRATS HAVE CLEAR ISSUES THIS FALL

The Democratic party goes to the people this year on two great issues which should insure its success. The first is the fact that the war was won under a Democratic administration. Whatever mistakes were made are trivial in comparison with the mighty task accomplished, and the accomplishment came under a Democratic President and a Democratic Congress. The other great achievements of the party is its record in domestic legislation. Since Wilson became President in 1913 more important and beneficial legislation has been enacted into law than in the fifty years before that time. Some Democrats may disapprove of this thing done at Washington and another may disapprove of that, but the record, viewed as a whole is so great, that no Democrat is justified in withholding his support from the party this fall.

OLDEST AMERICAN OIL WELL STILL FLOWING.

The oldest American oil well, which is reported to have been the first well drilled in America, and which is located in Cumberland county, three miles north of Burkesville, Ky., has been flowing occasionally for the past year, and a few days ago, according to a reliable report from Burkesville, the oil began boiling up like a big spring and a stream of it coursed down the side of the hill on which it is situated. The oil is a high grade green quality of oil. The oil is flowing in a nearby creek according to the report. Government reports show that prior to 1860 this well produced more than 50,000 barrels of oil. All of the land in the vicinity of this well is now under lease, and considerable drilling is going on in that locality.

PEPTO-MANGAN BUILDS RED BLOOD

Sold By Druggists In Liquid and Tablet Form—Both the Same Medicinal Quality

Children should not be pale and wan. Women should not be tired, weak and blue. Young girls should not be shallow, listless and anemic. Men should not feel run-down and poorly.

Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor, and strength to every part of the body.

In contains the very properties that are so sorely needed to build up thin, watery blood. Physicians call it the Red Blood Builder.

For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package. (adv)

Unknown Influences.

The rhythmic law of nature merits wide study. But we have collected enough evidence to show that body growth in children, body weight in adults, appetite for food, fitness for work, the recurrence of illness, periodic mental depression, tendency to crime, impulse to suicide, rise and fall of blood temperature, and falling in love are all influenced by a mysterious revolution.

Many a fellow doesn't know right from wrong till he gives them both a fair trial.

GOVERNOR SETS DAY FOR PARDON APPLICATIONS

In the future applications for pardons will be heard by Governor Morrow on Monday of each week and on no other days will he consider such applications.

In establishing this plan Governor Morrow believes that it will be more convenient for those interested in the pardon of their friends and relatives; that it gives them a certainty of being heard and will fix a definite time for them to come to the Capitol.

It has been found that owing to important business and special hearings set on various days, that it frequently happens that those who have come long distances to present pardon applications are unable to do so because time has been given in advance for other matters.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness. (adv-T-tf)

Also to Be Envid.

FOR A WEAK STOMACH.

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets. (may-adv)

Cuffs

The cuffs of shirts, particularly the edges—what hard places to get at. You don't like to rub them—they get rubbing enough in daily use. Grandma's Powdered Soap gives you a pleasant surprise.

Soak the shirt in Grandma suds—this removes practically all the dirt. Only the lightest rubbing—hardly that—just squeezing makes even the cuff edges clean. A big saving on shirts.
